TEX CENTS A WEEK

SPRING TERM OF CIRCUIT COURT NOW IN SESSION

Grand Jury Down to Work---Bexley-Osteen Case Set for Thursday---Other Court Matters.

The regular spring term of Circuit Court, Eighth Judicial Circuit, in and for Alachua county, convened at 10 o'clock Monday morning. His Honor Judge J. T. Wills presiding, with State's Attorney J. M. Rivers, Clerk S. H. Wienges, Sheriff P. G. Ramsey and other court officials in their respective positions.

At the opening of the court Sheriff Ramsey made the return of the following venire:

John Parker, A. B. Oliver, A. A. Burke, A. F. Torley, E. C. Pearson, John Ford, Moses Edelstein, J. L. Strickland, J. M. Heidt, C. C. Rountree, J. T. Beard, J. L. Feagle, Wallace Mathews, H. M. Chitty, J. F. DeShay, Thad C. Bryant, C. W. Gilbert, W. O. Terrell, W. H. Gay, A. W. Lewis, W. E. Bell, C. M. Beach, Geo. S. Merchant, A. M. Ellis, T. J. Ham, H. W. Denham, E. Jeffords, P. T. Stock, S. R. Clark.

For various reasons Messrs. Oliver, Pearson, Heidt, Gilbert, Lewis, Bell, Beach, Denham and Stock were excused.

Whereupon the following grand jury was drawn: J. L. Strickland, Wallace Mathews, T. J. Ham, Geo. S. Merchant, J. L. Feagle, A. F. Torley, W. O. Terrell, J. F. DeShay, A. A. Burke, John Ford, C. C. Rountree, S. R. Clark, J. T. Beard, Thad C. Bryant, A. M. Ellis, H. M. Chitty, Moses Edelstein, W. H. Gay.

Joseph Shannon was sworn in as bailiff to the grand jury, and the jury retired and selected as foreman George S. Merchant, and J. T. Beard secretary.

After receiving the charge of the court, which was a very specific one, to which the closest attention was paid, the grand jury retired to their room on the first floor and immediately got down to business. The jury is composed of a most intelligent body as an aggregation, and the manner in which they went to work is evidence that they mean business.

After sounding the civil docket, and the hearing of an application for injunction in the case of John G. White vs. Richard McConathy et al., involv-

ing certain lands, in which injunction was denied, the court took a recess until 2 p. m.

In the above hearing Judge Horatio Davis appeared for the complainant, while Attorneys Anderson and H. M. Hampton represented the defense.

Afternoon Session.

Court reconvened at 2 p. m., all officials in their respective places.

Truby Osteen and Wm. A. Bexley, the young white men charged with the murder of W. H. Moreland at High Springs, and who have been in jail for the past few months, were brought into court. They were clean shaven, neatly dressed, each wearing a buttonette of pansies, and appeared cheerful. They were cordially greeted by friends who had congregated to see them and seemed in the best of spirits.

The State was represented by State Attorney J. M. Rivers, while Attorneys J. N. Stripling, B. A. Thrasher and W. S. Broome appeared for the defendants.

Attorney Rivers called the roll of State witnesses. All were present, and the State announced ready for trial.

Attorney Stripling called roll of witnesses for defense, a number of whom failed to respond as their names were called.

Attorney Stripling announced ready, requesting the court to draw jury from box, Sheriff to make return Thursday morning.

Attorney Stripling, who is also one of the attorneys representing the defendants, announced that it was the desire of counsel for defense to try the case of the State vs. D. M. Davidson and J. M. Kelley, charged with the murder of Night Watchman W. C. Sellers, at the present term of the court, and to save delay and the probable necessity of having cause to issue a special venire for this case requested that jurors drawn from the box also be used as a venire in this case, said jurors to be excused until May 16th.

There were left seventy-one names

OLIVER CATO KILLED BY ANOTHER NEGRO

TRAGEDY OCCURRED SUNDAY AFTERNOON OVER CARDS.

Two Negroes Arrested Charged With the Murder and Brought Here and Placed in Jail.

Oliver Cato, a negro, was killed about two miles north of Alachua Sunday afternoon at 3 o'clock and Henry Richard and Cyrus Perkins, colored, have been arrested charged with the crime.

After learning of the occurrence Deputy Marcellin at once visited the scene and the above negroes gave themselves up, claiming that they did the deed in self defense.

From what could be learned, it is understood that the three, together with others, were engaged in a "skin" game and being more or less under the influence of bad booze, the trouble was very easily started over the game.

The weapon used was a single-barrel shotgun and only one load was required to perform the act. The negroes at once gave themselves up to the deputy and were brought here and placed in jail to await the action of the grand jury.

of the regular venire in the box.

The clerk was instructed to issue to the sheriff a special venire of eleven from the body of the county to complete the regular panel, returnable Thursday morning. E. Jeffords being the only petit juror retained from the regular panel.

Witnesses for State in the Bexley-Osteen case were excused until Thursday morning at 9 o'clock, while witnesses for defense were requested to report Wednesday.

After hearing a few bills of complaints and cases of minor importance, the court adjourned until 9 o'clock Tuesday morning.

Grand Jury Reports.

During the afternoon the grand jury came into open court and presented no bill. State vs. Bob Dixon, malpractice in office; State vs. White English, murder; State vs. Anthony Polite, slander; State vs. Anthony Polite, Jr., slander, and one true bill for murder.

THE NEWS FROM MELROSE.

Bill Passed by Legislature Defines Limits of the Municipality.

MELROSE, Fla., May 3. The following act was recently passed by the Florida Legislature and the full text may be of interest to some of our citizens:

"A Bill to be entitled an Act defining the boundary line between the counties of Clay and Putnam in the corporation limits of the town of Melrose.

"Section 1. Be it enacted by the Legislature of Florida: That the boundary line between the counties of Clay and Putnam counties, in the corporate limits of the town of Melrose, shall be the north edge of the Bellamy avenue beginning at the intersection of the said Bellamy avenue and the range line dividing range twenty-two and twenty-three, thence running east along the north edge of Bellamy avenue one-half mile to its intersection with the Bellamy or Federal road leading from St. Augustine to Tallahassee.

Sec. 2. All laws in conflict with this are hereby repealed."

The Waldo baseball team failed to arrive on Friday afternoon, much to the disappointment of our team.

The dangerous and unsightly barbed-wire fence on the Nichols & Baldwin lot on Bellamy avenue, has finally been replaced by a real woven-wire fence.

BUSY WEEK AHEAD FOR FLORIDA LEGISLATURE

Calendars Filled in Both Houses and Committees Are Hard at Work---The Harris Bill.

TALLAHASSEE, May 3.—Both houses of the Legislature begin the new week with well-filled calendars and the week will be a busy one.

The Senate will maintain its three-hour daily session, while the House will stick to its four hours a day and will probably hold several night sessions as well.

The Harris bill which enables parties to sue the State in certain instances will be favorably reported by the Judiciary Committee in the Senate and may be acted upon during the week. This bill will enable the Wailes claim to be brought against the State through the courts and was introduced with that purpose in view. It stands a strong chance of being passed.

The Senate has so far introduced 313 bills this season, against 310 the same time last year, and the House 469, against 358 last session.

The committees are working hard and much legislation will be disposed of during the week.

Saturday's Sessions.

Resolutions were adopted by the House Saturday inviting Senator John S. Beard of Pensacola and United States Senator Money of Mississippi to address that body upon the Beard disfranchisement measure. Senator Money is a close friend of Senator Beard, and strongly favors his measure. Representative Roberson of Suwannee was the only member of the House speaking against the resolutions.

The House put up a pretty stiff

extend congratulations on his graduating a full-fledged D. D. S. from the Atlanta Dental College. He is expected to arrive home today. Cale Yearwood and Dr. Wills are other arrivals from Atlanta.

H. L. Mooty of Gainesville, representing the East Florida Telephone Co., is in town to supervise the stringing of the wire from Campville to this place. He hopes to have the line open for service by tomorrow.

Dr. Frank McRae and H. von Noecky represented Melrose Lodge No. 89 at the dedication of the Masonic Tem-

ple at Gainesville. They report having had a most happy time, meeting many old friends and enjoying the hospitable reception extended to them by their Gainesville brethren. At the recent meeting of the Melrose Lodge Dr. McRae, W. M., gave a glowing description of the beautiful building and its furnishings.

C. P. Huffman left Saturday for Live Oak and Lake City.

West's Privilege Taxation Bill Far-Reaching in Effect

TALLAHASSEE, May 3.—One of the most far-reaching of the many bills that have been introduced in the Legislature is Senate Bill No. 292, introduced by Senator West and referred to the committee on corporations in the Senate.

Section 1 of the bill provides that every corporation for profit existing under the laws of this State or doing business in this State, except banking, insurance, surety and public utility or public service corporations shall annually on the first day of January pay to the State Treasurer for the State, one-half of one per cent on the authorized capital stock of the corporation if chartered under the laws of this State, or one-half of one per cent of the capital stock or value of the property used in this State by corporations chartered by other States or countries. Corporations chartered by the United States or used in rendering service direct to the United States or Interstate or foreign commerce shall not be subject to the provisions of the act.

The bill is more far-reaching in its

effects than any other measure now pending before the Legislature. This tax sought to be imposed is in addition to the taxes on real and personal property and in addition to the privilege or occupational taxes paid by them, and is made absolute, irrespective of whether the corporation is solvent or insolvent, profitable or unprofitable in its business. Every corporation with \$100,000 authorized capital stock would have to pay in addition to taxes on its real and personal property and its privilege or occupational taxes an additional tax on its capital stock of \$500 per annum.

This statement shows how far-reaching the effect of this measure is. No doubt it will bring forth a strong protest from a large portion of the people of the State, because it has been the habit in the last ten years, especially for all firms and persons engaged in mercantile and other business, to incorporate their business, so this will affect the dry goods men, the drug stores, hardware companies, turpentine companies, lumber companies, etc.

Thornton Called Alexander Liar; Fight Was Result

TALLAHASSEE, May 3.—The usual office," returned Mr. Alexander.

"You are a d--- liar."

Instantaneously the two came to blows, but were quickly separated by friends.

The two members of the House from Volusia have stood together on practically every issue since the opening of the session.

Mr. Alexander declared last night, however, that they had arrived at the parting of the ways, differences having arisen over a local measure. Mr. Alexander said he favored a free bridge from Daytona to Daytona Beach, while his colleague had taken a different view.

Mr. Thornton called up the writer over the telephone and stated that the colleague, Mr. Alexander, had made certain statements which were not true and which tended not only to discredit him, but to blemish his record as a legislator.

The affair is regretted by the friends of both.

NOTHING DAUNTS THE WORKERS IN CONTEST

RAINY WEATHER HAD GOOD EFFECT FOR THE LEADERS.

Many Large Votes Polled Late Saturday Evening and Yesterday, and Interest Is Increasing.

Nothing daunts the workers in the great Co-Operative Contest, not even the rain which fell all of yesterday had any bad effect on the work that was put in for the candidates by their friends and the participants themselves. Never in the history of the city has the interest been so keen as it now appears, and from all sections you can hear the canvassers asking for votes.

The prizes to be awarded are all handsome and elegant and the girls in Gainesville will have the opportunity of seeing the handsome diamond ring within the next few days, which will be placed in the show window of L. C. Smith. The pianos have also been ordered and they, too, will be put on exhibition that the contestants from the country can better see what they are striving for—a strictly high-grade piano purchased from the reliable and well-known music house of A. R. Harper, who has sold thousands of instruments in this State, and who still handles a large percentage of the Gainesville trade.

Everybody is likely to have kidney and bladder trouble. In fact nearly everybody has some trouble of this kind. That is the reason why you so often have pains in the back and groin, scalding sensation, urinary disorders, etc.—that's your kidneys. The best thing to do is to get some of DeWitt's Kidney and Bladder Pills right away. Take them for a few days or a week or so and you will feel all right. In this way, too, you will award off dangerous and possible serious ailments. They are perfectly harmless, and are not only antiseptic, but allay pain quickly by their properties. Send your name to E. C. DeWitt & Co., Chicago, for a free trial box. They are sold here by all drugists.

Announcement.

The Gainesville Amateur Vaudeville Show, which was to have taken place last night at the New Baird, has been postponed until Wednesday night of this week.

The management regrets very much the necessity of this step, but it was deemed proper on account of the inclement weather that prevailed all day yesterday.

The same tickets that have been on sale for the past few days will be good Wednesday.

Remember the date—Wednesday, May 5th.

GAINESVILLE HAS FIRST CLOSED DAY

THE SMOKERS WERE UNABLE TO SECURE FAVORITE HAVANA.

Many Protests Heard Concerning the Law, Which Is Still Subject of Discussion.

Sunday with the "lid" on was Sunday sure enough in Gainesville.

The "old toppers" were unable to get even a bottle of refreshing soda water or their favorite Havana, so strict was the law enforced, and many could be seen "pulling" at their pipes who had not thought of this predicament and provided themselves on Saturday.

Many were the complaints lodged against the ordinance and it was easily seen that with a number of citizens it is very unpopular, but with the population in general it is the opinion that if one part of it must be enforced all should be.

Every hotel and restaurant in the city also followed the law in its entirety and refused to let their customers have cigars, stamps or anything of this nature that would have been an accommodation to them and at the same time a pleasure.

Many of the older citizens state that it was really the "tightest" Sunday they had ever witnessed in the city. The news service on trains through here did a handsome business, the "butches" succeeding in disposing of a large number of "cabbage" cigars, cigarettes and newspapers.

HAIGLER—ELLIS.

Marriage of Popular Young Couple in Gainesville Monday Morning.

At the home of the bride's parents on Monday morning, Mr. John Furman Haigler of Leesburg and Miss Annie Ellis, eldest daughter of Mr. and Mrs. Geo. R. Ellis, were happily married. Rev. T. P. Hay of the First Presbyterian church performing the ceremony.

The affair had been kept rather a secret by the contracting parties and only a very small number of friends were present besides the immediate family to witness the ceremony. The parlor had been beautifully decorated with flowers, ferns and plants of all descriptions, the room being darkened and the lights shaded the surroundings to present an evening effect.

Miss Ellis has been reared in this city and is an accomplished young lady. She was beautifully attired in a traveling suit of brown, with hat to match, while the groom wore the conventional black.

Mr. Haigler is a young man of pleasing appearance and at one time was engaged in business in this city, but later sold his interests and removed to Leesburg, where he purchased a handsome orange grove and truck farm.

The happy pair left immediately after the ceremony for Cameron, S. C., in which city they will spend the next few months among the relatives of the groom, afterwards returning to their winter home at Leesburg.

Sherman Weaver Places Loss at
About \$3,500, With Only One
Thousand Insurance.

The loss by fire of the Gainesville Steam Laundry at an early hour Sunday morning proved to be a serious one, the owner Sherman Weaver, stating that it would reach fully \$3,500, with only a small insurance of \$1,000.

Nothing definite is known as to how the building became ignited, but it is the general belief that it was the work of incendaries, judging from the manner in which it was burned. At the time the fire department was called out the building was a complete mass of flames and the high class of work performed by the men was something remarkable, for the entire shell of the building was saved. This will have to be torn down, however, as it cannot be repaired, the building now being within the fire limits and will have to be replaced with brick.

Mr. Weaver has made all necessary arrangements to continue his business and at once wired the Ocala Steam Laundry of his condition and asked that they get out his work for him, which was agreed to, and he states that his patrons will not be inconvenienced in any way. He also states that he will at once commence arrangements for another building and will order the necessary machinery to begin operations within the next sixty days.

The entire machinery on the interior of the building is a total loss and can only be used for scrap-iron, about the only part of the entire plant that can be used again being the boiler, which is practically uninjured. There had been no fire in the building of about the place since shortly before noon on Saturday, and this is stronger evidence to those interested that the building was set on fire.

REV. ROGERS RESIGNS CHURCH PASTORATE

ASSUMES OFFICE OF SECRETARY
OF STATE BOARD MISSIONS.

Will Continue His Residence in
Gainesville and Fill Pulpit the
Remainder of This Month.

Sunday night's services at the First Baptist church were attended with a degree of deep sadness that not only affects those of the Baptist church here, but the entire city, for at the close of the service and after a successful pastorate covering a number of years, Rev. S. B. Rogers tendered his resignation.

His action in this matter was made necessary on account of his election to fill the unexpired term of the late Rev. L. D. Geiger as secretary of the State Board of Missions of Florida. The resignation did not come as a surprise altogether as it was learned several days ago that he had been elected to succeed Rev. Geiger, but it is considered a misfortune to the church and the city at large to lose such a faithful, earnest and tireless worker. Under his guidance the church has grown and prospered and it is with the most profound regret that his people accept his decision.

As a preacher of the gospel he has few equals and as a Christian he has none. Much of his time was given to charitable work and many times since his coming to Gainesville through his kind attention and helpful ministrations the needy and depressed have been made to feel that life is worth the battle and that all is not vanity and selfishness. His pulpit will be hard to fill and his place as a citizen still more difficult. He will endeavor to conduct the services for the remainder of the month at the church on Sundays.

It is a pleasure to know, however, that the new position will not require the removal of his estimable family from this city for some time, and it is further hoped that arrangements will be made whereby his permanent home will be located in Gainesville.

Following is a copy of the resignation as read to the church at the meeting on Sunday evening:

To the First Baptist Church, Gainesville, Fla.: My Dear People—Whereas, in the providence of God, our very worthy secretary and treasurer of the Florida Baptist State Board of Missions, Rev. L. D. Geiger, has been called from his labors on earth to his reward in heaven; and,

Whereas, The State Board of Missions, after a careful and prayerful survey of the field, have decided in their good judgment that it is conducive to the best interests of Florida Baptists for me to take up the work and

Whereas, in their meeting for the express purpose of selecting his successor, they have unanimously chosen your pastor to fill his unexpired term, therefore it seems to be the leading of the divine hand that I should accede to the request of our board, it becomes my painful but imperative duty to tender you my resignation as pastor, which I trust you will accept in the same loving and fraternal spirit in which it is tendered.

Assuring you that my relationship with you has ever been pleasant and happy, that I deeply and fully appreciate every act of courtesy and kindness shown either to me or my family, and that though we part as pastor and people, I shall love you none the less. Your troubles shall be my sorrows, your successes and joys my pleasures.

Ever praying God's richest blessings upon you in all your work,

Very truly yours,
S. B. ROGERS

Best for Biscuits.

A prominent teacher in one of the Domestic Science schools in Mississippi writes that she is using Cottolene in her lessons with excellent results. She says, "Cottolene is all that could be desired. The biscuits are light and fluffy with none of that disagreeable odor. It is found in foods, shortened with lard. Cottolene is also an excellent medium for frying croquettes and doughnuts. It gives them a clean, crisp, brown crust."

Other noted experts, such as Mrs. Rorer and Marion Harland, have given similar testimony to the merits of Cottolene. It is a cooking fat made from the finest vegetable oils; it gives better results than lard, and it is much more wholesome and economical as well.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

No man lives to himself. In innumerable ways one comes into contact with others and influences them for good or bad. Duty and right feeling demand that we so live that the influence shed shall be a blessing and not a curse.

Senator Duncan U. Fletcher spoke in advocacy of the retention of the tax on lumber now provided by the Dingley bill, on long staple cotton and other Southern products before the Senate last Friday. He favored a tariff for revenue only.

Gainesville's fire department would do credit to a city of much larger proportions. The rapidity with which the boys extinguished the flames in the laundry building Sunday morning was wonderful, and the shell of the structure now stands as a monument of their efficiency.

We acknowledge receipt of an invitation to the commencement exercises of the South Florida Normal Institute, at Dade City, which began on Sunday and will continue to May 7th inclusive. The commencement address will be delivered Friday night by State Superintendent Holloman.

The Arcadia Champion will be located in more convenient quarters this week, a more commodious and better arranged building than the plant has been occupying having been secured. A typesetting machine will be installed and other improvements made. The Champion is a good paper and deserves to prosper.

A man was recently sentenced to prison for stealing a postage stamp. He was a most foolish man and should have known better. If he had stolen a railroad, or public lands or something else on an equally large scale he would be banqueted right and left and held in highest honor by Wall Street. But to steal a postage stamp! Could human depravity go any lower?

Chronic office-seekers in Florida are paving the way to be set down upon hard by the people, remarks The Inverness Chronicle. Ex-Governors who persist in keeping in the limelight and are forever sucking at the public teat, will surely be relegated to the rear in future campaigns; could not be chosen to the exalted position of dog pelt, in Liberty county. Just why they should persist in putting themselves forward in the face of adverse reports by investigating committees, is a little more than one can comprehend.

The death recently of Rev. L. D. Geiger was a severe blow to the Baptists of Florida, and the election of Rev. S. H. Rogers to succeed him as secretary of the State Board of Missions has necessitated the latter's resignation as pastor of the First Baptist church of Gainesville. This is deeply regretted by the people of all denominations in this city. Rev. Rogers has won the love and esteem of our people and his retirement as pastor of the church is a great loss. We are pleased to note, however, that his new duties will not necessitate his removal from the community, for a time at least.

THE BEARD RESOLUTION.

The Times-Union of last Saturday comments as follows upon the proposed suffrage amendment to the constitution which passed the State Senate last week and is now before the House:

"When a resolution was introduced in the Florida Senate proposing the disfranchisement of the negro, for the purpose of testing the constitutionality of the fifteenth amendment, we did not express any opinion about it, for the Times-Union is not in the habit of fighting windmills; but strong to say the Senate has adopted that resolution, and the adoption by the Senate makes it a matter worthy of notice. It becomes the duty of every Florida paper to try to save the State from the shame which would attach to such an utter piece of folly on the part of the Legislature.

"If there is a paper published anywhere on earth that is more entirely Southern than The Times-Union we have never seen it. Our readers know that no paper is quicker to resent any injustice to the South, and none shows greater pride in the history, the achievements, the manhood of the Southern people.

"It is not inconsistent with this love of the South, but a part of it, to bitterly oppose anything that tends to revive sectional animosities. Our people have passed through the fire, but they have come out of it triumphant so far as home rule is concerned. The North now stands aside and leaves the settlement of Southern questions to the white men of the South, without a protest.

"But there is a class at the South—thank God they are few—who grow more belligerent as the North grows more pacific. When the Republican party trusted to the bloody shirt for its victories; when it treated hatred of the South as its chief political asset; when it was trying to force negro domination on the South—then was the time, if ever, to fight back, but our firebrands were then not lighted. Now when peace reigns and the whole nation is pleased that the Southern white man is in control of his home affairs; when we have a President who is in closer sympathy with the South than any President has been in fifty years, the call to arms is sounded. The warriors go out to fight after the fight is over.

"But if we take only a utilitarian view of this question, the passage of this resolution would be inconceivably foolish. Why do we wish to disfranchise the negro in Florida to any greater extent than his ignorance has already disfranchised him? From the Escambia to Florida keys, from constable to Governor, what official has he elected? What policy has he in years forced on the State or on any county of the State? The passage of this resolution would not rob the negro of political power, for he has none. It would only sound the tocsin that would call the North to arms and array it once more in solid ranks against the South. It would reopen a fight that we have already won; it would place in jeopardy a victory that we have already gained.

"We endured negro suffrage when it was causing disaster and ruin, but we passed through that to a period of gain, and now we wish to throw away the gain.

"Do the gentlemen who are discussing this question not know that the South gained fifteen representatives in Congress and fifteen electoral votes by the disfranchisement of the negroes, and that we would lose more than that number now if they were disfranchised? Before the negroes become voters the South had only

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

one-nineteenth representation on its negro population—that is to say, the representation of the 2,000,000 negroes would now be cut to 5,400,000. We would lose the representation of 3,000,000 people—that is to say, nineteen representatives in Congress and nineteen votes in the electoral college. No force bill would be necessary to accomplish this. It would be accomplished by a return to conditions that prevailed before the negro was enfranchised.

"So if this resolution accomplished its purpose it would cut Florida's representation in the House down to two instead of three, and Florida's electoral vote down to four instead of five. It would not add to the completeness of Democratic control of Florida, for that which is complete cannot be more complete. It would simply weaken the Democratic party by a loss of nineteen representatives and nineteen electoral votes.

"If it should fail—as it certainly will—it would only turn over to the Republicans the few Congressional districts at the North that the Democrats have carried recently, and it would rekindle the strife between the sections that are now at peace."

FROM FLORIDA PAPERS.

Cheaper School Books—Any bill that will make it possible for parents to move from one county to another in our State and not have to buy a new set of school books for their children will meet with the approval of the citizens.—Eustis Lake Region.

A Useless Move—Senator John Beard's disfranchisement resolution has passed the Senate by a vote of 26 to 10. The illiterates of the negro race are already disfranchised in Florida and we can see no necessity for such an amendment to our constitution.—Jacksonville Floridian.

What the People Want—In our opinion the State-wide prohibition amendment is the only one that can possibly receive a majority vote of the people of Florida. They are weary of the tinkering with the constitution. They want a new one, nothing less will satisfy them. They are tired of having scraps thrown to them; they will open their jaws to no more fragments.—Southern Argus.

The Man From Volusia—Jeems Alexander of Volusia is very much in the limelight of late. He talks more like a crazy man than a legislator. Not content with an attempt to read Hon. Frank Clark out of the Democratic party he this week sought further notoriety by declaring that the choice of his constituency for U. S. Senator was not his choice, but he voted for Mr. Fletcher because his people instructed him to do so. Evidently Jeems thinks himself a bigger man than his party.—Inverness Chronicle.

MORE BUILDINGS ARE ASSURED UNIVERSITY

INDICATIONS ARE THAT WORK WILL SOON COMMENCE.

Sufficient Sum is Said to Be Available for the Erection of Large Buildings.

Developments during the past few days now make it almost certain that work will commence within a short while at the University.

It is stated on good authority that the money for part of the buildings is now available and that the Legislature will probably make some provision for future needs.

The first building to be constructed will be to the east of the two dormitories already constructed and this will cost in the neighborhood of \$150,000.

With both this and the Government building in course of erection Gainesville will be a very busy city this summer, for a large number of citizens will also have new homes erected.

IN MEMORIAM.

One of the saddest deaths to occur in the LaCrosse community for many a day was the death of Miss Pearl Cox, which occurred at the home of her father on the evening of 27th of April, after an illness of more than nine weeks, of typhoid fever. Beautiful in her character, she was beautiful in her death. From early childhood she had the happy faculty of smiling every shadow away. If sorrow ever came into her fair young life it was hidden behind a smile. She was a perfect ray of sunlight wherever she went. She radiated cheerfulness among every company. Always a smile upon her face, her cheerful heart was to everyone a bow in the clouds of their sorrows.

She was a diligent and faithful Sunday school pupil from childhood. To know her was to love her.

How sad that her young and happy life should so soon go out, and that the bright and cheerful path of her lovely young womanhood should so suddenly end. Long will the memory of her bright and happy face linger in the memory of those who knew and loved her.

She had just come into the full blush of beautiful womanhood when overtaken by the deadly malady. She did not have the strength to combat and finally yielded her spirit into the hands of Him who loves and cares for us all.

She was buried from Antioch Baptist church on the 28th by Rev. S. B. Rogers of Gainesville and laid to rest in the church cemetery by gentle hands, amid throngs of grief-stricken friends and showers of tears. The many beautiful flowers upon her casket and grave spoke tenderly of the boundless love that wefted for her untimely death.

We commend her grief-stricken fam-

MEXICAN JACALS.

Primitive Huts in the Villages of the Native Indians.

The Mexican Indian huts in the villages and upon the ranches of the lower Rio Grande border region of Texas have a style of architecture and construction that is distinctly their own. This type of primitive building is rapidly passing out of existence. At many places on the border families of Mexicans have abandoned their jacals and moved into more pretentious homes.

No money outlay is necessary in erecting the old style picturesque structures; neither is a knowledge of carpentry needed. A double row of upright poles firmly set or driven into the ground forms the framework for the walls. Between these two rows of poles are placed other poles or sticks of shorter length, forming a thick and compact wall. At each of the four corners of the building posts are set, reaching to a height of about eight feet. Roughly hewn stringers are laid from one post to another, and to these stringers are tied other poles that form the framework of the walls. The strong fiber from the maguey plant or strips of buckskin are used to tie the poles into position. The rafters are tied to the ridgepole and the stringers in the same manner. At one end of the building is built the opening through which the smoke of the inside fire may ascend. Stoves are unknown among these Mexicans, and the cooking is all done upon the ground.—Kansas City Star.

The shop assistant had shown and reshowed the toys to the undecided shopper.

Rabbits, monkeys, jacks-in-the-box, jumping jacks, trains, velocipedes—everything had been displayed, manipulated, operated and explained to the shopper, but still she could not make up her mind.

"I wanted to get something suitable for my little nephew," she reiterated for the thousandth time.

"Yes, madam," responded the weary assistant. "You told me that when you came in, but I think your nephew has outgrown all these toys while you have been at this counter."—London Opinion.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in or out of the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as with-out fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Prest., Buffalo, N. Y.

Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect Indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, Indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia.

Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.

Water "that has made Gainesville famous."

The finest opera house in the State outside of Jacksonville.

A Government building soon to be erected to cost when completed \$150,000.

Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore.

More miles of paved streets and granite sidewalks than any other town in the interior of the State.

An \$85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

TWO PIANOS AND A DIAMOND RING

Total Cash Value, \$1,000.00

To Be Given Away by the Merchants and The Sun to Citizens of Alachua County!

Each Section Gets a Prize!

Contest to Close August 18, 1909

Realizing that all should share alike in the distribution, leading business houses have joined in the combination to give away Two Handsome Pianos and One Diamond Ring to residents of Alachua county in three different sections. These progressive firms will give One Vote for each penny spent with them.

In the event of a tie for any prize offered, a prize similar in all respects thereto will be given each of those tying.

The Gainesville Section Will embrace the city and suburbs and be confined to a radius of four miles in each direction. The winner in this district will be awarded a HANDBOME DIAMOND RING.

Eastern and Southern Section Will comprise territory from Fairbanks all points east and from Rochelle all points south—Waldo, Hawthorn, Island Grove, Campville, Micanopy, Lake View, Tacoma and all points along line of T. & J. Ry. ONE PIANO.

Western and Northern Section Will comprise all stations from Hague to High Springs, Trenton, Wannee, Wilcox, Bell, Newberry, Jonesville, Archer and all settlements covered by this area. ONE PIANO.

How and Where to Get Votes

John Young, the energetic supervising architect of the Government buildings for both Gainesville and Ocala, was here yesterday looking after his duties connected with his position. He states that he has not heard from the contractors as to the exact time they would return here to commence work, but thinks that it will be only a matter of a short while now before the concrete work will commence.
